HELPING TO MEET THE NEED OF THE NEEDY IN THE SOCIETY...

# Brief History of **OGHOSA FOUNDATION**

Oghosa Foundation was founded in the year 2003 by Pastor Dr. (Mrs.) M.O. Agbonifo with the aim of eradicating youths from the street and giving their life a meaning through skill acquisition.

Since inception, the Foundation has graduated over ten thousand youths from various fields of interest, these include: Computer training, Fashion Designing, tailoring, welding fabrication, auto mechanic, e.t.c.

In ensuring that the unreached is reached, the foundation sought for qualified training centers close to intending trainees whose area of residence is far off from the foundation training center and paid for the training period.

Students who successfully complete their training, are established with machines and have their shop rent paid, for a period of one year.

The foundation is singlehandedly sponsored by the Vision Bearer and Founder whose passion for youths was born from the way Edo State youths were being deceived and enslaved into prostitution and anti-social vices. Also a way of her rehabilitating deported youths and giving them hope for a better future.

## **VISION STATEMENT**

Helping to meet the needs of the Needy in the Society.

## **MISSION STATEMENT**

Free Skill Acquisition through our training Centers

Establishment of Successful Trainee with shop rent and equipment
